

PRIMARY

WITH A PHYSICAL EDUCATION SPECIALISM

North East
Partnership SCITT
EXCELLENCE THROUGH PARTNERSHIP

**Northumbria
University**
NEWCASTLE

THE NORTH EAST PARTNERSHIP SCITT

is a specialist physical education
initial teacher training provider

We are the largest physical education provider in the North East of England and one of the largest in the country. From September 2024 we will be working in partnership with North Tyneside SCITT.

Trainees are trained to teach high quality physical education alongside all areas of the primary curriculum across key stages one and two. On completion of the course, you will be a qualified primary teacher with a specialism in physical education. You will be able to lead high quality physical education and sport provision within primary schools, support other primary teachers to develop their skills in delivering physical education and sport, and lead regional initiatives to improve primary physical education and sport. Due to our strong reputation and partnership working across the North East, our trainees consistently secure employment.

OUTSTANDING TRAINING, OUTSTANDING SUPPORT, OUTSTANDING TRAINEES

WHY CHOOSE US?

“Leaders and mentors’ support is exceptional, incredible and impeccable”

“Excellent teachers that stand out from the crowd”

“Trainees receive a unique and transformational experience.”

OUR VISION FOR EXCELLENCE

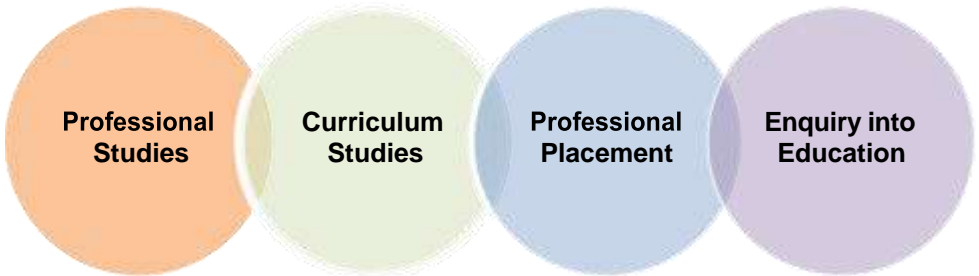

The North East Partnership SCITT will create the next generation of outstanding teachers who can inspire and motivate young people to foster a love of learning and use physical education and sport to help achieve their full potential – in sport and in life. Highly effective partnerships and innovative teaching and learning are at the heart of what we do.

WHY TRAIN WITH US?

- Our trainee outcomes are exceptionally high. Since the course began, all trainees that have completed the course and wanted to go into teaching, have gone on to find **employment in schools within six months of graduating**.
 - As a single-subject SCITT we can really focus on developing your **deep subject-specific knowledge and pedagogy** in PE, as well as a strong understanding of the full primary curriculum.
 - You will have the opportunity to **gain a wide range of additional training**, teachers' qualifications and sport specific NGB awards at no extra cost including: cricket, tennis, hockey, athletics, rugby, BEE netball, REAL PE, TOP Sport, Premier League Primary Stars, children and young people's mental health, forest school, phonics training and foundation subject enrichment opportunities.
 - **Training is completely school-centred**. We work with over 25 schools in the North East and a significant number of these support the curriculum delivery.
 - We have **exceptionally strong support mechanisms**. You will have support from your class teacher, school-based mentor, a link tutor and support from our mental health and well-being lead. In addition, working with a cohort of like-minded trainees means that you are never working in isolation.
 - Upon completion of the course, trainees graduate **with Qualified Teacher Status and a PGCE** which can include 60 Masters Credits.
-

COURSE STRUCTURE

Both primary and secondary courses are delivered through 4 interleaved modules.

- **Professional Studies** – Covering the fundamentals of teaching in a whole school setting and linked to an academic assignment as part of the PGCE.
- **Curriculum Studies** – Developing subject knowledge of the full primary curriculum and applying fundamentals of Professional Studies to a PE specific context. Linked to an academic assignment as part of the PGCE.
- **Professional Placement** – Developing mastery of the curriculum in contrasting school placements and meeting the Teachers’ Standards leading to Qualified Teacher Status.
- **Enquiry into Education** – Exploring evidence-based research with a focus on one specific class and the impact made on pupil progress as part of a small-scale action-based research project.
