THE NORTH EAST PARTNERSHIP SCITT

is a specialist physical education
initial teacher training provider

We are the largest physical education provider in the North East of England and one of the largest in the country. From September 2024, the North East Partnership SCITT and North Tyneside SCITT will be working in partnership.

If you are thinking about becoming a teacher of physical education, you have definitely come to the right place. Year on year, our trainee outcomes are exceptionally high in terms of completion rates and attainment grades and due to our strong reputation and partnership working across the North East, our trainees consistently secure employment.

OUTSTANDING TRAINING, OUTSTANDING SUPPORT, OUTSTANDING TRAINEES

WHY CHOOSE US?

“Trainees receive a unique
and transformational
experience.”

“Excellent teachers
that stand out from
the crowd”

“Leaders’ and mentors’
support is exceptional,
incredible and
impeccable”

OUR VISION FOR EXCELLENCE

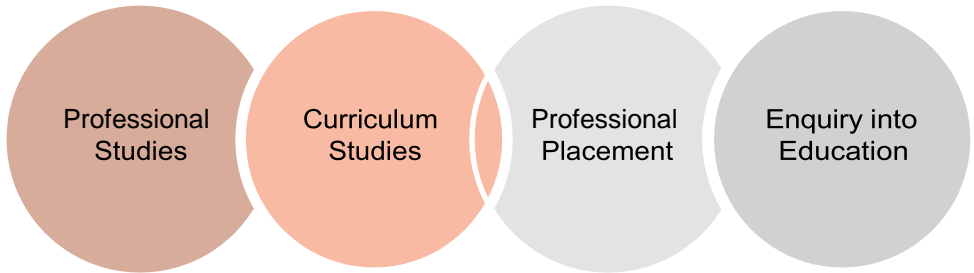

The North East Partnership SCITT will create the next generation of outstanding teachers who can inspire and motivate young people to foster a love of learning and use physical education and sport to help achieve their full potential – in sport and in life. Highly effective partnerships and innovative teaching and learning are at the heart of what we do.

WHY TRAIN WITH US?

- Our trainee outcomes are exceptionally high. All trainees that have completed the course and wanted to go into teaching have gone on to find employment in schools within six months of graduating.
 - As a single-subject SCITT we can really focus on developing your **subject-specific knowledge** and pedagogy.
 - You will have the opportunity to **gain additional teaching qualifications** and National Governing Body awards at no extra charge, including mental health, first aid, cricket, trampolining, handball and officiating awards.
 - You will have the opportunity to **teach in a second subject area** which adds to your employability.
 - **Training is completely school-centred.** We work with over 40 schools in the North East and a significant number of these support delivery of the trainee curriculum.
 - We have exceptionally **strong support mechanisms**. You will have a subject mentor, a professional mentor, a link tutor and support from our mental health and well-being lead. In addition, being part of a large cohort of trainees means that you are never working in isolation.
 - You will complete the course **with Qualified Teacher Status and a PGCE** which can include 60 Masters Credits.
-

CORE STRUCTURE

Both primary and secondary courses are delivered through 4 interleaved modules.

- Professional Studies – Covering the fundamentals of teaching in a whole school setting and linked to an academic assignment as part of the PGCE.
- Curriculum Studies – Developing subject knowledge of the PE curriculum and applying fundamentals of Professional Studies to a PE specific context. Linked to an academic assignment as part of the PGCE.
- Professional Placement – Developing mastery of the ITT curriculum in contrasting school placements and meeting the Teachers' Standards leading to Qualified Teacher Status.
- Enquiry into Education – Exploring evidence-based research with a focus on one specific examination PE class and the impact made on pupil progress as part of a small-scale action-based research project.

SECONDARY COURSE OVERVIEW

September – October	Centre Based Training (In schools)
October – December	Placement 1
January – February	Centre Based Training (In schools)
